Simple Solutions to Complex Problems

Quotation can go more than one page, header will be printed in every page, this is an example

No responsibility disclaimers explain to users that your business will not be held responsible for any damages they suffer as a result of using your products or services. Because these agreements limit your liability, they are also often referred to online as “no liability” disclaimers. No responsibility disclaimers address both tangible and intangible damages — for example, physical harm caused by using a product, loss of profits or loss of data, and defamatory comments
